

FIRST PRESBYTERIAN CHURCH

Easter 2020 e-News

He Is Risen!

Despite the strangeness of this spring, nothing should take away our joy at being able to celebrate our Lord who loved us so much that he would willingly die to save us. But even better, he is no longer dead. He is *alive* and in control of every aspect of our lives.

While We've Been Gone

New Windows!

Before the world went crazy, our stained glass window installer paid us a

visit. If you didn't get a chance to see what he did, here they are--two newly installed, beautifully crafted stained glass windows in the narthex. He also installed the storms on all four of the windows along the alley and removed every single sheet of plywood blocking them. This room is now flooded with light!

A New Paint Job

Our Fellowship Hall has also received a face lift! While we have all been residing at home, the deacons took this chance to have it painted. Earl Hooper, a local painter, has done a beautiful job.

As Pastor Aaron announced in one of his videos, during our absence, the church has been treated with a disinfectant that

hospitals use to kill all types of germs, including COVID-19. As heavy duty as it is, it is safe for everyday use. Depending on how long it is before we are back in the building, it may be sprayed a second time.
